Parent Authorization for Student Travel

The school provides transportation for all athletic events. Student-Athletes are expected to travel to and from contests on the arranged mode of transportation. Only in appropriate situations should student-athletes request permission to ride home with their parents. Under no circumstances are student-athletes permitted to drive themselves to contests. However, if a situation arises which necessitates a student being driven to/from a contest by a parent; permission may be granted in advance by the coach or athletic director.

By signing below, I hereby give my consent for my son/daughter listed below to travel with their parents upon completion of the contest.

Student's Name (Print)	Parent's Signature
